The instructors are all practicing artists so this should be a great opportunity to work, gather together with other aspiring youth in the community, and develop lasting friendships. The Art Club sessions will engage the youth in individual and group projects using a variety of art mediums. The monthly club will be broken down into four sessions: one artist visit, one project day, and two free-style work days. Last but not least, materials will be provided and a light snack will be available. [Prices range from \$20 - \$40.]

---------------------	---	--

Have fun with your young child and other parent & child participants and learn how to develop sensory and tactile experiences in a safe and large activity space. This is code for "messy projects you don't have space to do at home". Playing with finger paints, making foot and hand-prints, and creating edible play-dough are just some of the examples of our planned activities. Materials are provided as well as coffee/tea and pastry treats for parents. Children's snacks will be BYO. [Prices range from \$20 - \$40.]
